PUNCH BOARDS TO GO SAYS CITY COUNCIL

License Slot Machines That Are Within The Law

$3000 FOR DUMP TRUCK

Ask Increase in Salary For Policemen—Physicians License Raised From $50 to $75.

Common Council last night received the report of the grand jury relative to making inquiries into slot machines operated contrary to law and referred this matter to the joint committee on finance and police and after hearing it passed the annual merchants license tax and the clause licensing punch boards was stricken from the law. Slot machines, however, are undisturbed. Councilman Baggett read the state law on the subject which prohibits the operation of slot machines where face value is not received. The question of putting a license tax on these machines precipitated a lengthy debate in which a majority of the members of council participated. A vote was taken and eight were for sustaining the aldermen in the licensing of these machines and four against. The chair ruled no majority lost, inasmuch as nine votes were required, and then it was forward decided not to disturb the action licensing slot machines that come within the law. The entire matter, therefore, is now up to the police to determine.

By a vote of 11 to 1 the section licensing punch boards was stricken out of the city license law. The action of the aldermen in increasing the license tax of physicians from $50 to $75 was concurred in.

An amendment also was added to the license law imposing a tax of $50 each on non resident fish and meat sellers.

An ordinance making it unlawful to erect a sign board or any billboard in the residential section of the city unless two-thirds of the property owners within a radius of 900 feet of the ward consent and making each day's offense punishable by a fine of from $10 to $25 per day was referred to the general laws and streets committee.

Fire Chief Ogden sent a communication to council calling attention to the danger incident to the erection of a shed at the lumber yard at the corner of Alfred and Wilkes streets. Attorney Robinson Moncure, representing the owners, was present and made a statement. Council decided to let the work of erecting the shed be completed and referred the matter to a committee.

Other matters disposed of follow: The sum of $3,000 appropriated for the purchase of a power driven dump truck; $700 appropriated for broken stone to be used on Washington street from Jefferson to St. Mary's Catholic cemetery; resolution to pay Physician's bill of $151.25 for Leonard Ford, volunteer fireman, injured in fire at Mt. Vernon garage last December, referred to fire and finance committee; permission granted J. R. Howard to erect frame building at 117 North Patrick street; H. V. Kelley was granted permission to erect garage in rear of 326 North Columbus street; F. Louise Madella given permission to make improvements at 818 Duke street; ordinance establishing curb grade in George Washington Park adopted; Southern Railway Company granted permission to construct a switch from Pendleton street to plant of Alexandria Fertilizer and Chemical Company; Charles W. and J. L. Myers granted permission to place air hose box in front of 115 North Pitt Street; petition of property owners for plug at St. Asaph and Duke streets was referred to committee on fire and general laws; petition of Walter Sisson to erect frame addition at 108 Wolfe street referred to street committee; bill of W. L. Lethrup for damage done by fire apparatus to his automobile referred to finance and fire committee; petition of William Priest to erect garage at 1023 Queen street referred. The police commissioners recommended that the salary of policemen be as follows: Chief $150; sargeants, $125; privates $110. It was referred to finance and police committees.

George F. Marcey, Deputy Sheriff, was appropriated a salary of $600 per annum for services in patroling the roads throughout the county in pursuant of automobile law violators especially so on the Mt. Vernon Boulevard between Washington and Alexandria.

The dance of the Jubilee Social Club this evening in Odd Fellows' Hall will be the last of the weekly dances of this organization, owing to the approach of warm weather.

A record crowd is expected to attend the final dance tonight.

DOLLAR DAY A SUCCESS

Dollar Day in the stores today attracted large throngs and every store was crowded during the morning hours. Bargains galore were offered by the merchants and the public realized the cut rate on the various articles and made generous purchases. Despite the inclemency of the weather this afternoon the stores also did a good business and the sale will be continued throughout the remainder of the day.

REV. DR. J. L. ALLISON DELIVERS ADDRESS

5,000 Added to Odd Fellows During The Past Year

PAY ORPHANAGE DEBT

Alexandrians Elected to Positions at Grand Lodge Meeting in Lynchburg This Week.

Lynchburg, May 12.—About 500 persons, including approximately 80 children from the orphanage, were present Monday afternoon at the celebration of the 101st anniversary of the founding of Odd Fellowship, when an interesting program was rendered. Dr. John Lee Allison, of Alexandria, chaplain of the grand lodge, was the orator of the occasion, his address being one of great merit and interest to the Odd Fellows present.

Dr. Allison opened his address by asserting that Odd Fellowship was not intended to be nor could it be a substitute for the church of God; that it is no substitute for christianity, but its helper and that it has stood for a full century as the handmaid of the church of the living God.

Dr. Allison thanked God for the help of the past, including in this the quotation of a part of Kiplings "Lest We Forget."

Dr. Allison said there were a few things for the Odd Fellow to contemplate:

A profound gratitude to God for the history of American Odd Fellowship and its splendid achievements; 100 years, a tribute to its principles of friendship, love and truth.

A renewed awakening of dependence upon God for the future.

An intensified love for the order of Odd Fellows:

That God should lead the order to a greater appreciation of the opportunity in the field of human service, on which there is no higher mission in life—that of serving.

Dr. Allison held that the future is radiant with hope and he urged that the order press its work and make a noble history, not only for the brotherhood, but most or all for God as the order ministers for needy and suffering humanity.

The Rev. Dr. Allison was elected grand warden of the grand lodge. Dr. Allison is past noble grand of Potomac Lodge No. 38, this city.

C. W. O'Meara, of this city, is a member of the finance committee, and W. E. Latham, Jr., also of this city is on the committee on charter.

Upon application to the Board of Supervisors signed by a certain number of qualified voters in one or more of said districts the board may order a vote and if carried by a majority may proceed to issue bonds and construct and operate sewerages and water systems and assess the costs thereof against the district in which these improvements are constructed.

David J. Howell, of this city, the senior member of the firm of David J. Howell and Son, civil engineers, has been appointed the chief engineer of Arlington Sanitary District.

IN MEMORIAM

DROWNS—In sad but loving memory of our dear father, Richard H. Drowns, who departed this life 1 year ago today, May 12. 1919.

Smiles may meet my face,
Tears may dim my eyes,
But no one knows how my heart aches
Since my dear father died.
Some may think that he's forgotten,
And the wound has long been healed,
But if they only knew the sorrow
That is in my heart concealed.
I miss you, my dear father,
More than tongue can tell.
But I know that thou art resting
In that home where all is well.

WANT SCHOOL GROUNDS IMPROVED

I am certain that most all citizens of this city have noticed the grounds surrounding the Alexandria High School. Should such a beautiful building be detracted by the ground which surrounds it? I am quite sure that everyone who has the school interest at heart will answer in the negative. Then what must we do to improve this condition? First and most important, is that the whole community must unite and work as one. Pull together, and without your help nothing can be accomplished. Secondly, are the school grounds to be used as a common grazing land? This is exactly what is happening every morning on the campass of the High School grounds of your city. There are at least two or three horses that seem to be having the time of their life, grazing off of public property. However, if the grounds are to be used for this purpose, why not charge a minimum price per head? Then perhaps in time, we, the students of the school will be able to pay for the improvements ourselves.

This city in the past year has about doubled its population. Money is being spent everywhere, why not a small amount for the beautifying of your city? How could it be spent to a better advantage than on the schools of your city that should be a pride to every citizen.

Alexandrians, I say consider the matter. Strangers entering the city form their opinion immediately from the outward appearance of the school. Naturally when a person spends four years of his or her life in a place it becomes dear to them, and they do all in their power to make it appear attractive to the public eye.

Our school is blessed with a faculty that most any one would be proud of. This is something we have always longed for, and at last it is ours. Now there is something else we want. Our school grounds made more attractive. Citizens, think this over and see what you can do to make our school days happy.

Margaret Cook.

Ascension Day services will be held in St. Paul's Protestant Episcopal Church at 7:30 o'clock tomorrow morning.

SPORTS

The Cardinal Athletic Club baseball team will meet some worthy opponent for baseball honors on the North Alfred street grounds, Sunday, May 16, at 2:30 p. m.

It has been announced that the Cardinals would play the Treasury Department nine, but if the team is the same that played in this city last Sunday, the game will be cancelled and another team substituted therefor. Several excellent baseball teams are listed among the different bureaus of the Treasury Department and it is the Cardinals' purpose to play only the best representatives.

"Speedking" Jones will be selected to pitch, and as this lad hurls them over the plate like a flash of lightning, the chances are in his favor to win. "Teddy" Schaefer will be the magnet behind the bat. "Teddy" inherits the love for baseball from his sire, William Schaeffer, senior, who was considered one of Alexandria's most brilliant catchers and all around baseball players in former years.

The Cardinals invite everybody to their games and their guests will be treated with every courtesy.

Sometimes workingmen will not attend because they have nothing to put in the hat when the collections are taken up, but they are as welcome as the "flowers of spring." The Cardinals are not sobbing for financial aid or other support from the fans, but leave it to their discretion whether to make, or not to make a donation to help defray the necessary expenses incident to all

The Cardinals will journey to Quantico, Va., Monday, May 31, where they will play two games with the Marines at that place. A special car will be provided for those who desire to make the trip.

The track meet held at Central High School Washington, D. C., was a great success for all the schools concerned. The local High School boys made a creditable showing against their larger and more experienced opponents. This affair was the pointing up for the Leesburg meet this coming Saturday. On this day the fate of the large silver cup now held by the A. H. S., is to be decided. If this cup is won again by Alexandria it will remain permanently in their possession.

SALVATION ARMY BUDGET BEFORE PUBLIC TODAY

$10,000,000 NEEDED TO CONTINUE WORK AMONG POOR AND UNFORTUNATE.

FRANKLIN K. LANE HAS GIVEN OPENING SIGNAL

THE "LASSIE" ASKS, "WILL WORK GO ON?" AMERICA GIVES HER ANSWER BETWEEN TODAY AND MAY 20.

The Salvation Army needs $10,000,000 with which to carry out next year its plans for aiding the poor and unfortunate in the United States.

It has laid its budget before the people, who will be asked to provide the required funds during the next ten days. On the answer to this plea ranks the future of the organization with its forty years of heroic, sacrificing service in the cause of Humanity and America.

Franklin K. Lane, former Secretary of the Interior in President Wilson's cabinet, who is chairman of the effort to bring $10,000,000 into the Home Service fund has given the opening signal and today the work of fund-raising was put fairly under way. The volunteer workers and Salvationists have gone out to carry the appeal of the great organization they serve to the hearts and homes of all America.

Yesterday was "Salvation Army Sunday." In thousands of pulpits the story of The Army's achievements and plans for the future was told. Ministers and lay workers are co-operating the country over, to make the appeal successful.

Salvation Army officials hope not only to continue all their present humanitarian activities, but to widen the scope of many of them. If the answer falls short, the plans for extension and extension must be abandoned and the present work perhaps curtailed.

Only a small portion of The Army's work is self-supporting. The rescue homes for unfortunate women; the hospitals, including the maternity hospitals which care for thousands of mothers of the poorer classes; the slum settlements which are such bright spots in the equalor of the tenement districts, demand constant financial aid. The fresh air camps, the prison work, and the foundling homes are supported wholly from the Home Service fund. The evangelical work, the bureaus which yearly give away great amounts of food, clothing and supplies to those in dire need, as well as many other activities and institutions of the Salvationists, derive their means of existence from the same source.

The name of the fund indicates the purpose for which subscriptions are sought. It is to make possible the Home Service of the Army in America, to insure the continuation of its labors in the communities of America. The amount sought was not determined arbitrarily, but by compiling the estimated financial needs of the districts and corps throughout the United States. These individual amounts are required to carry forward the work in the different localities. The effort of each community therefore will be to raise the sum named in its own budget, rather than an arbitrarily fixed portion of the whole $10,000,000 and practically all the money raised in a given section will be spent there.

In its work The Salvation Army acts only as a steward for the people. It uses their money to relieve misery and sorrow in an efficient, economical way. The lassies know where real need and suffering exist and they know the means of reaching it. They have never been known to be afraid of service, no matter what sacrifices or hardships it entailed upon them and they have always kept faith with the people of America whose work they do.

The lassie has asked, "Will my work go on?"

PRESENT DAY DRUNKS

New York Judge Remarks on Absence of Harmless Souse of Ante-Prohibition Days

New York, May 12.—"We don't see any more of the harmless drunks in these times," declared Chief Magistrate McAdoo in the Yorkville Police Court yesterday, after disposing of six intoxicating cases, five of which had involved fighting. One of the prisoners said he accummulated his "jag" by imbibing hair tonic.

"In the old days," said Magistrate McAdoo, "when a policeman brought in an inebriate and was asked if the man had given him any trouble, the answer invariably was, "No, Your Honor."

Now, whatever the stuff is that they drink, trouble always follows. Fights and assaults are the common aftermath of these jollifications."

WOULD SEND THEM TO JAIL

Washington, May 12.—Prison sentences for violators of the Sherman antitrust law would bring about a material reduction in present high prices, Representative Welty, Democrat, Ohio declared yesterday before the House Judiciary Committee.

Unrest in this country, he asserted was largely due to the courts not being "more responsive to public sentiment."

"Not a single person has been sent to prison except a few labor leaders," said Mr. Welty.

PREPARE FOR COLLEGE NEW CAMPAIGN SLOGAN

PUBLIC SCHOOLS TO OBSERVE MAY 14 TO GIVE STIMULUS TO IMPORTANT MOVEMENT.

Public schools here have been requested to observe May 14, which has been designated "Prepare for College Day" in this state and in the other states comprising the Fifth Federal Reserve District.

During chapel exercises, or at other specified periods that day, it is suggested that addresses be made in the high schools by leading business men and prominent educators, and in the elementary schools by the teachers. The purposes of the observance, it is explained, are to stress the importance of a college education and to offer suggestive methods whereby the pupils, and their parents, may plan ahead with a college course definitely in view.

Women's clubs are being asked to help in the movement, and the Rotary clubs also are expected to take part, while many churches have expressed their interest and indicated their desire to participate. Further, the United States Treasury Department, through the district War Loan Organization, is lending assistance, and the general plan, it is announced, has received the heartiest approval of practically every college president in the state.

Miss Mary G. Shotwell, director of the educational division of the War Loan Organization of this district, recently discussed the project before the convention of the Virginia Association of Women's Colleges and Schools. The association, by resolution, pledged its "sincere and hearty co-operation in carrying out all the plans."

It is proposed by the Treasury Department that parents who desire to send their sons and daughters to colleges and that boys and girls who wish to provide a college fund for themselves—that they definitely plan for the future and make regular systematic saving a part of their plan. As safe, productive investments for such funds government securities, such as Treasury Savings Certificates and War Savings Stamps, are suggested.

Observance of "Prepare for College Day" will be fruitful of extensive results, it is believed, and the stimulus toward higher education is expected to be very valuable, particularly since the statement has so frequently been made recently and so authoritatively that never before has the country been in more imperative need of men and women of trained minds and broad vision

BREAK IN BOND PRICES IS NO CAUSE FOR WORRY

LARGE YIELD MADE POSSIBLE TO ASTUTE INVESTORS WHO SEIZE BIG OPPORTUNITY.

Investors who bought Liberty Bonds and Victory Notes at recent market prices were thus able to earn considerably more than the bond rates of interest on their money, according to figures compiled by stock and bond brokers. Moreover, income tables recently completed by the War Loan Organization of this district show that the bonds, inasmuch as they are exempt from all state and local property and income tax (except estate or inheritance taxes) are equivalent in their net yield to taxable stocks and bonds paying rates of interest substantially higher.

The property tax on stocks and bonds is sometimes considerable. From these property taxes, state and city, Liberty Bonds and Victory Notes, of course, are exempt. This means, therefore, brokers point out, that the government securities yield a net income equal to that of taxable stocks and bonds paying much more.

The following figures show in the order named the issues of Liberty Bonds and Victory Notes, their respective periods to maturity, recent market quotations and the approximate annual interest based upon these prices and conditional upon the securities being held to maturity.

First 3 1-2, 27 years; $93.30; 3.90 per cent.

First 4, 27 years; $85.50; 5 per cent.

First 4 1-4, 27 years; $85.50 5.5 per cent.

Second 4, 22 1-2 years; $85.50; 5.15 per cent.

Second 4 1-4, 22 1-2 years; $85.50; 5.5 per cent.

Third 4 1-4, 8 1-2 years; $90.80; 5.62 per cent.

Fourth 4 1-4, 18 1-2 years; $85.90; 5.47 per cent.

Victory 4 3-4, 3 years; $96.30; 6.08 per cent.

Victory 3 3-4, 3 years; $96.30; 5.05 per cent.

In comparing the income from Liberty Bonds and Victory Notes with the net yield of taxable stocks and bonds the usual taxes should be added to each of the percentage yields given above.

It rests with the legislature, brokers point out, to increase the taxes here. This then would make the income yield of non-taxable government bonds just that much greater and the bonds would therefore be all the more valuable, bankers and business men say, as investment securities.

WANT LAW ENFORCED

As will be seen by the proceedings of the City Council last night, the police department of the city is directed to carry out the state law concerning slot and other machines, held to be gambling devices. These contrivances have been on a steady growth in Alexandria during recent years, until nearly every place in which soft drinks, cakes, pies, etc., are sold is provided with one. Little boys form a large percentage of the patrons, and while only merchandise is supposed to be given players, in many cases money is awarded where articles worth much more than the amount of money risked are won.

The spirit as well as the letter of the state law are against all such devices, and it would be well for those interested to read the same carefully and take due caution, as the police department will, of course, conform to the order of the city fathers.

Heretofore persons who have been cited to appear in the Police Court to answer the charge of conducting gambling or participating in the game have escaped serious consequences being tried under our city laws which provide a penalty of twenty dollars on any person conducting a gambling house and five dollars on each participant. The state statute, it will be seen, provides for more heavy punishment for those who have on their premises slot or other machines, except where those operating the same get an equivalent for the amount of money they venture. This is not the procedure in this city, however, as the players generally deposit nickles in the hope that they will strike some article far exceeding in value their outlay. It is also said that in many instances they receive money in exchange for certain articles won.

The following is the law referred to by the City Council last night:

"If any person keep or exhibit, or be concerned in interest in keeping, or exhibiting, any slot machine of any description into which are dropped pennies or nickels or coins of any other denominations, or other device that operates on the nickel in the slot principle, in the operation of which said machine or device the element of chance enters in, or permit such machine or device to be kept or exhibited in his place of business, or any other place in this state, he shall be confined in jail not less than fifteen days nor more than sixty days and fined not less than one hundred nor more than five hundred dollars, and said machine or device shall be deemed gaming apparatus, and shall be embraced within the provisions of sections forty-eight hundred and twenty to forty-eight hundred and twenty-two, inclusive, so far as said sections relate to gaming apparatus. The possession of the aforesaid machine or device shall be prima facie evidence of the use thereof. This section shall not, however, apply to any slot machine or device that operates on the nickel in the slot principle, in the operation of which said machine the element of chance does not enter, and which is used exclusively for any of the following purposes—to wit: 'For conducting a pay telephone, for musical, weighing, or other similar purposes, or for disposing of cigars in which one or more cigars are sold with each nickel deposited in the slot machine or device that operates on the nickel in the slot principle, or for the disposing of chewing gum or articles of merchandise other than cigarettes.

SIGNBOARDS UNSAFE AS WELL AS UGLY

Detroit News: Of course, a sign board is designed to attract attention In some cities they appear to be attracting attention which threatens their existence in certain districts. This is a good thing, for at their best they have not been much of a scenic attraction and at their worst they have been pretty bad.

In Chicago, where a good deal of thought has been given to city planning, an ordinance was passed prohibiting signboards on roofs of buildings and requiring majority consent for permission to erect signboards in residence districts. The signboard people fought this ordinance to the United States supreme court and were worsted. And the decision gave the people the right to have no sign boards in the neighborhood of their homes if the majority agreed.

It is interesting to note that the arguments on which the case was defended by the people had to do rather with public safety and health than esthetic considerations. The boards were to be kept from the roofs for fear of their falling into the street, and the charge was made that they were a fire menace and a convenient ambush for robbers in residence districts. Perhaps, these practical phases afford the most convenient point of attack for the present, but from an esthetic point of view the signboard is forever and everywhere an offense.

SWANSON PROTECTS

Discovering that an oil painting of Patrick Henry had been removed and a painting of Abraham Lincoln put in its place in one of the Senate lobbies, Senator Swanson immediately indicted a letter of protest to Senator Brandegee, chairman of the Library committee. Senator Swanson agreed that Lincoln was a great and noble man, but he objected to hauling down a portrait of Patrick Henry to replace it with a Lincoln picture, particularly when Senator Swanson couldn't locate Henry anywhere around the Capitol.

"No man ever rendered our country more efficient and distinguished service," wrote Senator Swanson. "No man ever did more for the cause of the American independence than Patrick Henry and I cannot acquiesce in any action that might be construed as lacking proper recognition of him and his services.

Everything was satisfactorily explained when Senator Brandegee formally replied. He wrote that:

"The portrait of Lincoln recently acquired has been hung temporarily in the place formerly occupied by the painting of Patrick Henry, so that the artist may get a good light for the purpose of retouching the Lincoln portrait. The portrait of Patrick Henry is at present in the office of the Superintendent of the Capitol and is being cleaned and photographed and will be rehung in the Senate corridor as soon as the work [illegible] it has been finished."

Chairman Brandegee said the Senate Library Committee prized the likeness of Patrick Henry very much and it would always be hung in a conspicuous place at the Senate. If at any time there is a change proposed for its location, Senator Swanson was assured he would be consulted about the display arrangements.

NOTED WRITER DEAD

William Dean Howells Passes Away in New York of Influenza

New York, May 12.—William Dean Howells, famous writer and literateur, died Monday night at his home in New York.

Howells was 84 years of age. He spent the winter at Savannah, Ga., where he suffered from an attack of influenza. He never fully recovered and steadily grew worse, following his return to New York several weeks ago.

Howells was born in Martins Ferry, O., and was a self taught man.

"What's The Use?" Do You Feel That Way?

If Something's Taken All the Joy Out of Life, Maybe It's Your Blood

You Need More Red Blood

It Isn't Normal to be Listless and Depressed. Pepto-Mangan, Famous Tonic, Is What You Need

Tell a doctor you're constantly tired out, blue, and discouraged. If there's nothing more serious the matter, he knows you're run-down—that your blood isn't giving your body the nourishment it ought. And he recommends a good tonic.

Good food and a fair appetite aren't enough. The food must become healthy red blood. Your blood in turn nourishes and revives your blood—keeps the mind keen, the body vigorous—brings happiness and health.

If you aren't feeling as well as you might—if you seem to have lost all your energy, interest, and enthusiasm—why not try a bottle of Pepto-Mangan, the famous tonic that so many physicians recommend for anemia (bloodlessness)? It's safe, pleasant, and convenient to take. Can be had in either liquid or tablet form—equally effective.

Gude's Pepto-Mangan can be gotten at any drug store, but—be sure you get the genuine. Look for the name "Gude's" on the package—Adv.

DODSON WARNS CALOMEL USERS

It's Mercury! Attacks the Bones, Salivates and Makes You Sick

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness constipation, sluggishness, headache coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

NEGRO KILLS TWO MEN

Quarrel Over $12 Bill Results in Death of Grocer and Passerby

Philadelphia, May 12.—In the sight of hundreds of men and women, harles Walker, 17 years old, colored, and living at 920 Wallace street, yesterday shot and killed two men on the sidewalk in front of 970 North Tenth street, as the result of an altercation over a bill of $12, which Walker is said to have owed Samuel Lakin, a grocer, at the North Tenth street address, one of the victims.

The other man who was slain was Samuel Abrams, who lived at 971 North Marshall street, proprietor of an odd lots store at 666 North Tenth street. He was killed when Lakin swung him in front of himself, as shield, when Walker drew his gun and began to fire.

The slayer was captured in the kitchen of his home by Policeman Dick inson, who chased him to the house.

Walker surrendered without a struggle and yielded his gun a ssoon as he was informed he was under arrest.

Detective Belshaw, of the murder squad, said that Walker had confessed to the double slaying, and that he recited he had pawned a suit of clothes to buy the gun and the catridges which he had used.

It has been estimated that it cost the United States one million an hour to participate in the war.

AN ALEXANDRIA MAN'S EXPERIENCE

Can you doubt the evidence of this Alexandria citizen?

You can verify Alexandria endorsement. Read this:

J. M. Treakle, oyster dealer, 601 South St. Asaph Street, Alexandria, says: "My back was in such bad shape I could hardly get up after sitting down awhile. I do a lot of fishing and sometimes the pains have caught me so I would have to call for help. I can hardly describe the terrible misery I was in. I had headaches that would almost drive me crazy. When Doan's Kidney Pills were recommended, I got some at the Creighton Drug Store. Doan's did wonders for me. They took all the misery out of my back and now I can go around and do any kind of work. Since Doan's Kidney Pills cured me I have never felt weak and lame like I used to."

A NERVOUS WRECK

From Three Years' Suffering, Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work.

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties?

I was not able to do anything until I took Cardi. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, fr I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wondens for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benfit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.

Why, my dear sir, they ARE like new except that you had them made over in a repair shop instead of getting them from a factory through a shoe shop. VIRGINIA NEWS

Twenty-five families attended the seventh annual meeting of the Monticello Association, composed of descendants of Thomas Jefferson, at the University of Virginia yesterday. Thomas Jefferson Kean, chief of the ambulance service during the war, presided. The Jefferson family paid tribute to Capt. George Wayne Anderson, of Richmond and Capt. Hamilton Coolidge of Brookline, Mass., who lost their lives in the war.

Assaulted and robbed near Union Station, Washington, while en route to Cambridge, Mass., to be married, Robert Byron Whitman, war veteran, wandered penniless about the nation's capital for several days trying to borrow funds to return home. He made his way to Baltimore and secured from his brother, Roy W. Whitman, of that city, sufficient money for transportation back to Virginia. He returned to Richmond yesterday. According to his story he was robbed of $1,000, representing his savings since he was mustered out of service. He said three footpads attacked him, knocking him almost senseless. The wedding was set for last Wednesday. Whitman made his money at the Newport News Shipyard. He says that he will return there in order to recoup his finances before again considering matrimony.

To obtain speedy passage to England, the Rev. J. Compson, D. D., rector of the Grace Protestant Church, of Newport News, signed as a member of the crew of the British freighter Middleham Castle. The determination of the minister to reach his home in England as quickly as possible, even if he had to work his way over, was the result of the sudden death of his wife and consequent desire to reach his English home quickly so as to take care of his motherless son. He signed up as a cook and now is on his way. While addressing the congregation of the Grace Protestant Episcopal Church on a recent Sunday morning a premonition of her death came to him. To the great surprise of the congregation, the rector stopped speaking, looked about him in a daze, and then announced that he could not go on with the sermon. That afternoon Dr. Compson received a cablegram from England announcing the death of his wife.

With the Monroe Doctrine as his subject, Randolph Harrison, of Lynchburg, president of the Virginia State Bar Association, delivered the annual address yesterday before more than 200 members of the auditorium of the Jefferson Hotel. He declared the principles underlying the doctrine were passing through a crisis at this time. The issue, he said, sharply raised, is whether the Monroe Doctrine is to lose its identity as an American policy and be swallowed up in a world wide right of self determination for all nations, as President Wilson suggests, or is to be maintained in its integrity as the fundamental principle of our foreign policy.

Five of eleven prisoners in the Rockingham County jail at Harrisonburg made their escape Monday while the prison was being fumigated, following the lifting of the smallpox quarantine. Three were captured within half an hour and the others surrendered after first telephoning the sheriff that they were willing to return. Six prisoners, including one charged with murder, made no effort to follow the lead of those who escaped.

Berlin, May 12.—Germany has reduced the number of troops in the neutral zone to the prescribed limit and now will demand the immediate evacuation of Frankfort and other Hessian points. Swift & Company Does Not Control Its Raw Material

Other industries can buy their raw materials according to need or judgment, and set a selling price. They need manufacture only what they can sell at their price.

Cotton, wool, wheat, lumber, iron, steel, and other non-perishables, can be held either by their producers or their users until needed.

But live stock comes to market every day in fluctuating quantities from scattered sources, wholly uncontrolled and at times without regard to market needs.

An immediate outlet must be found for the perishable products, at whatever price, as only a very small proportion can be stored.

No one can foresee or stipulate what they shall bring; prices must fluctuate from day to day to insure keeping the market clear.

Only the most exacting care of every detail of distribution enables Swift & Company to make the small profit from all sources of a fraction of a cent per pound, necessary for it to continue to obtain capital and maintain operations.

JAPAN AND SIBERIA

"What on earth does Japan want with Siberia?" asks the Jacksonville Times Union.

The Manufacturers' Record says "the answer is very easy. Japan, including all its island possessions, has 173,000 square miles of territory, much of which is not tillable, and it has a population of not far from sixty million densely packed into that small territory and clamoring for expansion and world power.

"Just across a narrow sea, practically wholly dominated by the Japanese navy and merchant marine, is Siberia with 4,700,000 square miles of area, or more than 55 per cent larger than Continental United States. It is true that in much of Siberia the weather is intensely cold, but there are vast mineral riches and great agricultural potentialities there. Coal and iron and gold and other mineral resources would afford an almost limitless supply of raw materials for Japan's industries and commerce. A vast area 50 per cent larger than the United States would offer a limitless field for Japanese immigration and for the increased production of food for Japan.

In a large part of Siberia the summers are short but hot, making grain production a potentiality of great importance. Give Japan the control of nearly five million square miles of land, or more than one half the area of Russia prior to the war, and no one can measure its strength and world influence in the next quarter of a century. Controlling Shantung and Korea, as Japan now does, let it add Siberia to its possessions and China would be crushed and dominated, and it would then be Japan or Asia against the rest of the world. Perhaps Japan and Russia and Germany would then form an alliance for world domination, and woe betide all civilization when that day comes.

"Why does Japan want Siberia? Why does a hungry dog want a juicy bone? Why does any man or any nation want limitless wealth and power?"

Flag day is celebrated in most of the United States, although it is not a legal holiday in many states.

Don't Expect to be Cured of Fiery Skin Diseases

By Old-Time, Out of Date Methods of Treatment.

Usually those who continue to suffer from stubborn ailments are those who refuse absolutely to heed the teachings of medical science. New discoveries are being constantly made, and those who fail to take advantage of the wonderful accomplishments of men of science will continue under the handicap of disease.

Your eczema, tetter, boils, pimples, acne, scaly skin eruptions, and burning fiery irritations that cause so much discomfort by their terrifying itching, come from a tiny disease germ in your blood, which multiplies by the millions. These germs find some weak spot where they can break through the skin and set up their attack, and if you have ever had any form of these skin disorders, you know what real torture is.

The reason these disorders appear so stubborn and hard to get rid of, is because they are not given the proper sort of treatment. In other words, the irritation and itching becomes so intense that the patient thinks only of relieving this discomfort, instead of directing his efforts toward getting rid of the cause of it all. Hence the constant use of lotions, salves, soaps and ointments can make no impression whatever on your trouble, other than to afford some temporary relief.

But why be content with mere temporary relief? Are you not desirous of being permanently rid of this annoying trouble that is a source of such constant torture? Wouldn't you give almost anything to be once more free from the itching and burning that makes your skin seem like it was on fire?

Then throw aside at once such makeshift treatment that can only reach the surface, and begin taking a remedy that goes direct to the source of your trouble. Go to your drug store, get a bottle of S.S.S. and begin a thorough course of this fine old blood medicine that kills the germs that creep into the blood and cause all of your skin discomfort. S.S.S. is a purely vegetable compound, made from roots and herbs of recognized medicinal value. It so thoroughly cleanses and purifies the blood that the germs of disease are eliminated, and then real relief comes.

This fine old remedy is the sane and sensible treatment for your skin disease, as you will find by giving it a trial. If your case should need special advice, it can be had without cost to you, by writing to Chief Medical Adviser, 14 Swift Laboratory, Atlanta, Ga.
